

Science is about how the world works.

Providing the rich soil that enables  
our children to develop deep roots and flourish.

Scientists ask questions, make observations and  
draw conclusions.

Topic:	Skills	<u>Key Vocabulary</u>
 <p>Everyday materials</p>	<ul style="list-style-type: none"> <li>Name an object and the material it is made from.                             <ul style="list-style-type: none"> <li>Name a variety of materials</li> <li>Name the properties of materials</li> </ul> </li> <li>Describe how materials are similar or different and why?</li> </ul>	<p>material properties classify observe</p>
Subject:	Duration	<u>Celebration:</u>
Science	WC 19.2.24 (2 weeks)	Science Experiment
<u>Things to support learning at home:</u>		<u>Focus Value/Learning Power:</u>
<p>-Discuss key vocabulary -Locate objects around the home and discuss what they are made from -Describe the different materials -Find materials that are similar/different</p>
