

Science is about how the world works.

Providing the rich soil that enables our children to develop deep roots and flourish.

Scientists ask questions, make observations and draw conclusions.

Topic:	Skills	<u>Key Vocabulary</u>
 <p data-bbox="369 767 504 802">Humans</p>	<ul style="list-style-type: none"> Identify name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. Notice that animals, including humans, have offspring which grow into adults. Investigate and describe the basic needs of animals, including humans, for survival (water, food and air). Describe the importance for humans of exercise, eating the right amounts of different types of food and hygiene. Identify how humans resemble their parents in many features. 	<p>senses: hear, smell, taste, see offspring adults hygiene survival exercise</p>
Subject:	Duration	<u>Celebration:</u>
Science	WC 13.11.23 (2 weeks)	Design a healthy wrap (ready for DT)
<u>Things to support learning at home:</u>		<u>Focus Value/Learning Power:</u>
<ul style="list-style-type: none"> -Discuss key vocabulary -Name and locate body parts and their uses -Identify food and the group they belong to -Find out about need for exercise and a healthy, balanced diet
